Homework Policy

Introduction

Baines Endowed VC School is firmly committed to raising the attainment of all pupils in its school, and recognises the significant contribution homework can make to the personal, social and academic success of the individual pupil.

Homework provides an opportunity for parent and child to share purposeful learning opportunities in the supportive atmosphere of the home. It can, therefore, become a vehicle for developing and enhancing that partnership and raising pupil attainment.

The Benefits of Homework

This homework policy aims to bring about benefits for both pupils and parents.

For pupils, these include:

- a sense of responsibility for their own learning;
- opportunities for additional learning time;
- improved pupil self-confidence and motivation;
- the development of effective study skills.

For parents these include:

- sharing in their child's learning;
- showing an interest in their child's education;
- monitoring their child's progress.

The Purposes of Homework

- to foster a partnership between home and school;
- provide parents with an opportunity to share in their child's learning;
- to enable parents to be involved and informed about the type of work being undertaken in class.
- When leaving Year Six, children will be better prepared for the volume of homework given in Year Seven.

Reminder of commitment to home school agreement

We understand the busy nature of home life. If homework is not completed, a note from explaining that it has not been possible to complete will prevent children missing any playtimes but children will be encouraged to complete during school time.

Inclusion

Baines aims to make the homework inclusive of all abilities to allow pupils success. Although it is seen as important that children identified as having special educational needs do as much in common with other children as possible there will be occasions when they may benefit from special tasks separate from the homework set for other children in the class. Such homework may be set/marked by the class teacher or special needs co-ordinator (SENCO). It is acknowledged that the able child needs to be given homework that will use their full ability and their homework may differ from that set for the majority of the class.

Communication

KS1

Pupils have a reading record and parents are requested to write a supportive comment about their child's reading when they hear them read. In addition it also acts as a communication between parents and school.

KS2

The homework diary is an important means of communication between school, pupil and parent.

In KS2 parents are asked to check homework has been completed and sign the homework diary.

Parents are requested to support the school in training pupils to;

Manage their diaries

Plan their homework;

Manage their time;

Year 3 and year 4 pupils will also have a reading record and parents are requested to write a supportive comment about their child's reading when they hear them read. In addition it also acts as a communication between parents and school.
