- To understand the uses of a 'concept map'.
- To understand and use the correct vocabulary when creating a concept map.
- To create a concept map.
- To understand how a concept map can be used to retell stories and information.
- To create a collaborative concept map and present this to an audience.

#### Key Resources

2Connect

#### Key Vocabulary

##### Concept

An idea in the form of a question.

##### Collaborate

Participating in an activity with more than one person working together.

##### Story Mode

A way to use a 2Connect concept map to create a piece of text.

##### Concept Map

A tool for organising and representing knowledge. They form a web of ideas which are all interconnected.

##### Node

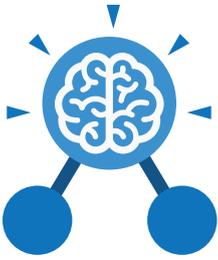

A way to represent concepts or ideas. Can contain text and/or an image.

##### Connection

Represent a relationship or link between two nodes or ideas.

##### Presentation Mode

A mode on 2Connect where nodes and connections are revealed gradually to be accompanied by a verbal presentation.

#### Key Questions

##### What is a concept map?

A concept map is a pictorial way of showing relationships between concepts and ideas. A concept map allows you to show information, pictures and links to support an idea or concept.

##### How is information arranged on a concept map?

On a concept map ideas or concepts are organised into nodes which are linked together with lines to show how the concepts and ideas link together.

##### How does a concept map help share ideas?

A concept map in 2Connect allows many users to contribute to the map which means that ideas or concepts can be quickly amended or additional information provided.
