Roofing Works

Dear Parent and Carer,

We have been on a list to have roofing works completed, initially over Key Stage 1, at school for many years and eventually, they are able to start.

This means that their first day of work will probably be 15th April 2024. The Key Stage 1 children can be dropped off and collected from the same doors as always, however, there will be no accessible path around the Key Stage 1 building. This means parents dropping off or collecting from the Club will have to walk around the perimeter of the school, as will anyone collecting or dropping off children in both Key Stages.

I apologise for the inconvenience this may cause, which we have been informed, may last anything up to 12 weeks, but it is something our building has required for a long time now and it is better to get the roof replaced in what will hopefully be fairly good weather.

Mr Lees will keep you informed of the progress of the roofing works when he commences his duties in April.

Many thanks for your support in this matter.

Best wishes.

Gill Finney
